## **Author Guidelines**

**The BAUET Journal (BAUETJ)** is a multi-disciplinary, peer-reviewed and annual journal for publication of original research papers, review articles and case studies from a wide sources dealing with all aspects of science, engineering, technology, agricultural, business, social sciences and other related fields that significantly contributes for the development of national and international scientific community.

All submitted manuscripts are subject to rigorous peer review to ensure they make an important and novel contribution in the respective subject area. Manuscripts will be peer-reviewed by two or more experts in the fields, and a decision will return to the author for revision. The authors are required to edit/revise/rewrite their manuscript based on the comments of the reviewers.

Manuscript submitted to BAUETJ must be original and not published or submitted for publication elsewhere. Authors submitting a contribution to BAUETJ who have related paper under consideration or in press elsewhere should upload a clearly marked copy at the time of submission and draw the editor's attention to it in their cover letter.

Author is fully responsible for the contents of paper and need to get permission from previous publisher or copyright holder if an author is re-using any part of paper e.g., figure(s), published elsewhere, or that is copyrighted. The editors consider all the materials in good faith that their journals have full permission to publish every part of the submitted material including illustrations. For plagiarism issues, authors should take its responsibility. If plagiarism is found, the manuscript would not be considered for publication in the BAUET Journals. Additionally, journal will contact the author's institute and funding agencies for the necessary action.

Before submission authors should carefully read over the journal's Author Guidelines, which are provided below under heading "Author Guidelines". Prospective authors should e-mail an electronic copy of their complete manuscript via:

*[msaifuli2007@gmail.com](mailto:msaifuli2007@gmail.com) or [md.momtazur.rahman@outlook.com](mailto:md.momtazur.rahman@outlook.com) or [editor@journal.bauet.ac.bd](mailto:editor@journal.bauet.ac.bd)*

### **Aims & Scope:**

The journal's aim is to inspire the emerging scholars to promote and disseminate their knowledge and innovative ideas in all the related areas of science, engineering, technology and business. The journal also publishes innovates ideas and research in the fields of agricultural, social science and similar disciplines. BAUETJ encourages investigators to submit articles focused on new areas and frontiers scholarly studies in the following potential topics include, but are not limited to:

- Engineering (all engineering subjects: Civil engineering, Computer engineering, Electrical and electronic engineering, Information & commission engineering, Chemical engineering, Mechanical & Industrial engineering etc.)
- Natural Science (all science subjects: Physics, Chemistry, Mathematics, Statistics, Biology, Material science, Environmental science, Geology, Food science etc.)
- Business and economics

**Article structure:** Author should follow this order when typing manuscripts: Title, Authors, Affiliations, Abstract, Keywords, Main text (Introduction, Materials & Method, Results & Discussion and Conclusion) Acknowledgements if any, References.

**Types of articles:** Full length research paper should be not more than 30 double line spaced manuscript pages, including tables and illustrations. Short Communications should be not more than 10 double line spaced manuscript pages, including tables and illustrations. Review articles and case studies should be not more than 50 double line spaced manuscript pages, including tables and illustrations. Use double spacing and wide (3 cm) margins. (Avoid full justification, i.e., do not use a constant right-hand margin.) Ensure that each new paragraph is clearly indicated. Number all pages consecutively; use 12 or 11 pt font size and standard fonts (Times new Roman or Arial).

**Title:** Title should be concise and informative. Abbreviation and formulae is advised to avoid.

**Author names and affiliations:** Please clearly indicate the given name(s) and family name(s) of each author and check that all names are accurately spelled. Below the names, present the authors' affiliation addresses. Indicate all affiliations with a lower-case superscript letter immediately after the author's name and in front of the appropriate address. Provide the full postal address of each affiliation, including the country name.

**Corresponding Author:** Clearly indicate who will handle correspondence at all stages of refereeing and publication, also post-publication. Ensure that the e-mail address is given and that contact details are kept up to date by the corresponding author.

**Abstract:** A concise and factual abstract is required. Approximately 200 words, outlining in a single paragraph the aims, scope and conclusions of the paper.

**Keywords:** Authors should select a maximum of five keywords related to the research studies. Each Keyword should be accompanied by the capital letter.

**Units:** All measurements and data should be given in SI units, or if SI units do not exist, in an internationally accepted unit. If you use any symbol or unit that may not be generally recognized, please include an explanatory footnote the first time it is used.

**Math formulae:** Equations and formulae should be typewritten wherever possible. Equations should be numbered consecutively on the right hand side of the page.

**Figures & Tables:** All figures and tables should have title with chronological numbers, appropriate captions. Figure captions should be placed below the figures. Tables should not duplicate results presented elsewhere in the manuscript. Footnotes to tables should be typed below the table and should be referred to by superscript lowercase letters.

**Ethical Policy:** Author should be declared that the submitted paper has not been published elsewhere and are not currently under consideration by another journal. It is also the authors' responsibility to ensure that the article's publication has been approved by all the other co-authors. Further correspondence and proofs will be sent to the corresponding author(s) before publication.

**Authorship and Originality:** Plagiarism is unfortunately a major concern among editors and publishers. Therefore, be certain of the sources of all data and text.

- **Before submitting to the journal; you are requested to check the originality of your manuscript, as it will be finely verified through online sophisticated Plagiarism software.**
- **Overall Similarity index: should not be exceeded 25%**
- **Self-citation should not be exceeded more than 15%**
- If the article is based upon **prior work**, be sure to reference that prior work properly
- An original research paper must not contain previously published data in any form without a **proper citation**
- **Authorship** and the **order of authorship** must be agreed upon by all of the authors and any other personnel who participated in the work but are not included as an author
- It is **not permissible** to submit a work that is a translation of a previously **published paper**

**Cover Letter:** A cover letter must accompany the manuscript, and it must contain the following elements:

- Manuscript title
- Name of the corresponding author
- Names of all other co-authors
- A statement confirming the manuscript, or its contents in some other form, has not been published previously by any of the authors and/or is not under consideration for publication in another journal at the time of submission
- The names and contact information, including e-mail addresses, of three possible potential reviewers

**Submission System:** The soft-copy of the articles should be submitted to: [msaifuli2007@gmail.com](mailto:msaifuli2007@gmail.com) or [md.momtazur.rahman@outlook.com](mailto:md.momtazur.rahman@outlook.com) or [editor@journal.bauet.ac.bd](mailto:editor@journal.bauet.ac.bd)

**Reference Style:** All publications cited in the text should be presented in a list of references following the text of the manuscript. In the text refer to references by a number in square brackets on the line. As for example as mentioned [3,4]. The full reference should be given in a numerical list at the end of the paper.
